1962 INTRODUCTIONS

OLYMPIC NYMPTH (BB-FD) 3ft. We are very proud to offer this little Nympth to you this year as it is a winner for sure, it has an AMERICAN DAHLIA SOCIETY GOLD CERTIFICATE, which it won in THE PACIFIC COAST CONFERENCE show at EVERETT, WASHINGTON, in 1961. It is a very cute Waterlilly type, with Pink on the outer petal and light yellow in the center.---------- $4.00

FIRECRACKER (B-SC) 4ft. This novelty was shown on K.O.M.O. T.V. the last 2 years and every one was very enthused about it, the Farm Director of KOMO-TV JIM HANSEN said it did remind him of a big explosion of a firecracker, it is bright red at the tips that are deeply lacinated, with yellow in the center.------- $3.00

We take pleasure in introducing the following dahlias for a man who has grown and Judged in about all the shows in and around the Pacific North West for about 15 years. He is JESS CAVENDER of Everett, Wash. He loves dahlias and shows quiet a few, these are a couple he has grown and has shown them and they have won Blue Ribbons in the shows in open division, where all the named varieties are shown.
These blooms are just what we say about them, all of them are beautiful, and we feel sure you will like them also.

BILLY BOY (B-STC) 4½ft. A beautiful shade of yellow, and with it being a straight cactus really it doesit justice.---------- $4.00

JEALOUSY (A-ID) 4½ft. Another yellow that will truly show off it's yellow shade, as this has been grown and will grow to the size of 13½ inches to 14 inches, Jess Cavender has grown it that large many times over, this is one of his first blooms he had grown some years ago, so it is proven.---------- $3.50

VIRGINIA J. (A-STC) 4ft. One of Jess Cavender's blends that has proven to be quite popular as far as the coloring is concerned as this is the first these have been put out on the market. The blend is a delicate pink and it blends into a nice cool shade of yellow, a very lovely dahlia.---------- $3.50

We sincerely hope you find this issue of our catalog a bit helpful to you in selecting your roots, as we try to make it as explanatory as possible so you can get the idea of the color of the flowers, without pictures. We hope some day to be able to have some pictures of our dahlias for you to see.
CENTURY 21, will be in SEATTLE, WASH. this year and we would love to meet any of our customers who happens to be coming to the FAIR the Gardens will be open for you to see the dahlias in bloom from about the first of August until frost. If we don't see you at the FAIR, may we wish you all GOOD LUCK and GOOD HEALTH.
